Kislev 5771

Dear Congregation Shomrei Emunah Baltimore,

On behalf of Talmud Torah Hadar Yosef , we wish to express our profound gratitude and appreciation for your most generous gift. In addition to the welcome financial assistance you have so graciously provided for our growing institution of learning, we are warmed by the noble and caring spirit behind this donation.

You should know that you have the special "zchut" of providing the head of a family - a person committed to the safety and protection of our country - with peace of mind. He can now devote his full energies to his important job because you have helped to underwrite an even more important job - the Torah education of his children.

The Big Brother program, that you have chosen to become part of, is also a chance to help two Yetomei Zahal, the sons of Roi Klein HY"D and Eliraz Peretz HY"D who entered first grade this summer.

You have become a partner in this endeavor.

It means a lot to us that your congregation has chosen to take part in this partnership program.

We pray for your good health, continued prosperity and a long life filled with joy and nachas.

Sincerely,

Rabbi Yehuda Veiner, Principal
Eliana Passentin, Deputy Director
